

# CARBON CAREER & TECHNICAL INSTITUTE

SECTION: PROGRAMS

TITLE: PROGRAM ENROLLMENT

ADOPTED: September 15, 2005

REVISED: August 17, 2023, September 19, 2024

120. PROGRAM ENROLLMENT	
1. Purpose	<p><b>Purpose</b> The Joint Operating Committee takes seriously its obligation to monitor the enrollment of its various programs. It believes that minimum enrollment numbers need to be maintained in all career and technical programs. These numbers shall be based upon the physical availability of space, work station limitations, completion rates, and type of program. Low enrollment is defined as 1/3 (rounded up) of the total of the maximum program enrollment of the combined A &amp; B day sessions.</p>
2. Guidelines	<p><b>Guidelines</b> When a program has been determined to have low enrollment for a period of three (3) consecutive years, the program shall be placed on probationary status. Once this occurs, the program shall be intensely managed by the building principal and the Administrative Director. An analysis of the following shall be completed:</p> <ol style="list-style-type: none"> <li>1. Recruitment activities/student interest.</li> <li>2. Occupational Advisory Committee support.</li> <li>3. Facility needs.</li> <li>4. Curriculum content.</li> <li>5. Existing equipment.</li> <li>6. Instructional techniques.</li> <li>7. Staffing.</li> <li>8. Occupational/postsecondary schooling outlook.</li> </ol> <p>Once the analysis has been completed, a plan for improvement shall be developed and adhered to during the current school year. The program shall remain on probation for a period of at least one (1) school term. If enrollment has not improved sufficiently to warrant additional resources, one (1) of the following actions will</p>
